

## Welcome Back!

I've had over 40 years to think about this and I'm still not prepared. My father was involved in artificial intelligence and I grew up knowing someday we would be playing games with holograms and experiencing a world that wasn't real. This wasn't like a science fiction movie, it was real life. My dad, my hero, was telling me what was going to happen so it was very real to me and I couldn't wait to experience it!
